Good morning,

On behalf of MPCA, thank you for taking the time to meet and discuss PFAS issues and strategies with us last week. The fact that it was a bit of a challenge to keep to the agenda timeline illustrates the great conversation that took place throughout the day. As a follow-up, the presentations from the day can be accessed on our ftp site —

— and the speaker contact information is below. Please let me know if you have any questions or would like to have any additional MPCA or MDH contact information from those present at the meeting. We look forward to continuing our work with you on this topic!
